ABOUT ME

As a highly skilled and results-driven Maintenance Engineer, I bring over [V] years of comprehensive experience in ensuring the optimal performance of mechanical, electrical, and automation systems across diverse industries. My expertise lies in preventive, predictive, and corrective maintenance strategies that enhance equipment reliability, reduce downtime, and improve operational efficiency.

I have a proven track record of leading cross-functional teams in implementing innovative maintenance solutions, optimizing workflows, and reducing operational costs. My proficiency in using advanced diagnostic tools and techniques enables me to identify root causes of failures swiftly and implement effective corrective measures.

In addition to my technical acumen, I excel in project management, resource allocation, and continuous improvement initiatives. I am adept at developing and executing maintenance schedules, conducting equipment audits, and ensuring compliance with safety standards and regulatory requirements. My strong problem-solving skills, combined with a proactive approach, have consistently resulted in increased productivity and equipment lifespan.

With a solid background in [specific industries, e.g., manufacturing, oil & gas, automotive], I understand the critical importance of maintaining high operational standards. I am committed to leveraging my skills to drive asset reliability, support sustainable practices, and contribute to the overall success of the organization.

I am passionate about continuous learning and staying updated with the latest technologies in maintenance engineering, including IoT, automation, and data analytics. My goal is to be part of a dynamic team where I can apply my knowledge to solve complex engineering challenges and contribute to long-term business growth..

EDUCATION AND TRAINING

High School

UP Board [29/04/2017 – 29/04/2018]

City: Jaunpur | **Country:** India | **Level in EQF:** EQF level 1

Math and science in high school prepare students for future studies and careers.

ITI

DR.Panchu Ram Vishwakarma Pvt Ltd. [07/08/2018 – 30/05/2021]

City: Jaunpur | **Country:** India | **Level in EQF:** EQF level 5

It develops practical skills for handling electrical systems safely and efficiently..

WORK EXPERIENCE

itself – Jaunpur, India

Electrical services installer

[01/07/2012 – 01/11/2018]

An electrical service installer sets up and maintains wiring and systems, ensuring safe installation of equipment in homes, offices, and industries. The role involves connecting power supply, troubleshooting faults, and performing repairs to provide reliable electricity access.

Microtek Workshop Ltd. (Haryana) – Haryana, India

Home automation technician

[01/03/2020 – 01/12/2021]

We have installed the inverter and battery. We attended to the customer's problem, resolved it, and checked the battery's condition and quality. Additionally, we managed the client's data.

Indo Autotech Ltd. (Bangalore) – Narsapura, India

Industrial robot test technician

[01/05/2021 – 01/07/2021]

Ensure the smooth production with minimum machine breakdown. Contract Maintenance and maintain the equipment in healthy. condition, preventive maintenance and breakdown Maintenance. We have good Robotics and Robo welding Knowledge.

M/s. Honda Motorcycle & Scooter India Pvt Ltd. – Narsapuram, India

Contract engineer

[01/07/2021 – 01/06/2022]

I am working at M/s. Honda Motorcycle & Scooter India Pvt. Ltd. in the FC floor conveyor zone, where I contribute to efficient production operations and ensure smooth workflow in the assembly process.

Motherson Automotive Technology and Engineering (MATE) – BIDADI, India

Contract engineer

[01/09/2022 – 01/07/2023]

Maintenance work of Yaskawa robots, ABB robots, Contract Technician welding robots, conveyors, compressors, testing
equipment's. We have good Maintenance, Repair and Programing Knowledge

Saddles International Automotive & Aviation Interiors PVT. LTD. – Narsapuram, India

Maintenance and repair engineer

[01/07/2023 – 01/12/2024]

Responsible for the maintenance work of SPM, utility systems, carpet roll cutting, CNC electrical load conveyors, and various types of documents such as compressors and testing equipment. We possess strong knowledge in maintenance, repair, and programming.

europass

R.T Engineer – Narsapuram, India

Project support officer

[01/12/2024 – 01/05/2025]

Responsible for the Site Project work of PPR, Welding, utility systems, Drier, electrical load conveyors, and various types of documents such as compressors and testing equipment. We possess strong knowledge in maintenance and PPR.

Sree Laxmi Engineer, A&K automation – Faridabad, India

Automation engineer

[01/05/2025 – Current]

Responsible for site project execution at BPCL, HPCL, and IOCL, covering welding operations, utility systems, drier units, electrical load conveyors, various types of load cells, and associated documentation for compressors and testing equipment. Possess strong expertise in maintenance, machine installation, and analog programming.

Key responsibilities include:-

1. Project planning and scheduling to ensure timely execution of industrial automation tasks.
2. Manpower deployment and site handling to optimize resource utilization and maintain workflow efficiency.
3. Technical coordination for installation and commissioning of systems such as SPMs, air systems, surveillance units, and control panels.
4. Preparation of professional documentation including equipment specifications, testing protocols, and compressor manuals.
5. Vendor communication and negotiation for procurement of materials and components, ensuring cost-effectiveness and compliance.
6. Strategic planning and purchase management to support uninterrupted site operations and meet project milestones.

SKILLS

HMI Programming / Microsoft Office / Microsoft Excel / PLC Programming / Team-work oriented / Outlook / Good listener and communicator / Organizational and planning skills / Microsoft Word / Decision-making / Critical thinking / Electrical Installation Electrical Wiring / Automation Studio, EPLAN, Festo FST, WinPISA,. / Control Wairing / Project Supervision / Program Management / problem finding, problem shaping, problem solving / Vendor Management / Project writing, project development &project management / Operational Programming / design electrical systems / Automatic Transfer Switch Control / install circuit breakers / build networks / maintain internet protocol configuration / Digital Network Video Recorder Systems DVR H264 NVR Hikvision / CCTV DVR/NVR / Project Coordination Cloud administration Security Access Management Monitoring / LPG bottling / install pneumatic systems

I hereby declare that all the details furnished Above are True to the Best of my knowledge.
